My darling Toots:-

Received your letter of the 20th, Monday, and was indeed happy to find that you are receiving my mail regularly. I sure do hope the mail has regulated itself. Believe me, sweetheart, (you always will be my sweetheart), I will appreciate the old fashioned letters. I fully appreciated the fact that you were sorely tried and tried after serving all day, so felt doubly happy, even though short, to receive that Sunday's letter, so you needn't worry about it.

Well, honey mine, I didn't appear before the Grand Jury as yet, but must be there next Tuesday, as no jury has as yet been selected. By that date, they will have been selected and then I will be able to appear before them. The fellow I'm trying to put in jail passed a bad check on my client for $62.20. He's in jail now, up in Grand Rapids, Mich, so I've got to catch him before he is left loose. Yes, Tootsie mine, I sincerely hope & pray that soon you will be here & hear me argue cases. Don't worry, honey, the time will soon come.

Last night, about, 5 o'clock, Dr. Lazar called me in to his office & introduced me to a negro, who was hurt on a street car. I got the case and am going to sue the company. I hope I can make a few dollars out of it. Accident cases are fine, especially against the railroad or car company, but, my luck, the car company in Memphis went into the receivers hands, so I won't be able to make as much as I would if they were solvent. Any way, it feels good to know that the practice is taking some sort of a shape.

To-day I bought a typewriter for $40.00 cash. It was so cheap, I could hardly believe the man when he told me. As a matter of fact, the man wanted $45.00, but Joe Solomon went along with me & got it $5 less. You see, I couldn't afford to let everyone know my financial conditions, & Solomon put it in such a way as to relieve me from any connection with the buying of it. It is an Underwood, & though I bought it for a second hand machine, its practically a brand new one. No getting away from it, it certainly is a beauty of a machine, and its touch is much lighter than I expected it to be. If I have nothing to do, I sit down and make out the different forms that often come up.

As to my offices, the private one looks fairly well, as the desk & chairs occupy a lot of room, but the reception room still looks kind of vacant. I must get a few more chairs & some carpet. Solomon told me he was going to get me the

carpet & chairs. He sure is a prince of a fellow.

How are you Toots, darling? How are you feel? And your health in general? Please, doole, do take care of yourself. I am alright, taking care of myself. Had a headache for 2 days, but it passed away. I believe it was the inclement weather, as it was raining fearfully for those 2 days. Dr. Lazear will write you as to my health.

Will close now, precious, with all my love & kisses to the only little wifie in the this wide world,

Ever lovingly your lonesome

Hubby
